Smart Home CCTV

Protect what matters

The Smart Home CCTV cameras give you the peace of mind that your home is securely protected by allowing you to check in when you're out. Live viewing with full HD 1080 for detailed footage, motion detection and enhanced night vision for clear images, even in poor weather conditions, all accessible through the Yale View App, It's everything you need to protect what matters.

Total peace of mind

Live viewing with full HD 1080 for detailed footage and motion detection alerts through the Yale View App.

Never miss a moment

The intelligent detection will trigger recording when an event is detected allowing you to see the footage thanks to the app playback function.

Customisable Detection Area (Image Masking)

Ensures you only get alerted when activity happens in a specific area in front of the camera.

Rain or shine, day or night

20m night vision activates automatically in the dark, giving you full visibility around the clock, even in poor weather conditions anywhere via your smartphone or tablet.

The smarter way to protect your home.
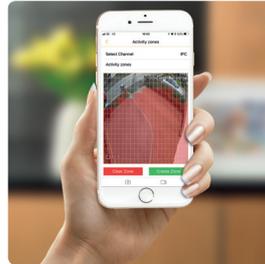

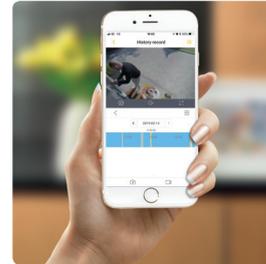

Yale® smart Living

App controlled

The Yale View App gives you control of your CCTV Camera and enables you to view live stream of your home from anywhere via your smartphone or tablet (WiFi or 3G/4G connection required).
